ABOUT THE INSTITUTION

Rathnavel Subramaniam Educational Trust was established in 1983 as a public charitable Trust in memory of Master Rathnavel Subramaniam, the elder son of the Chairman VJayashree Dr.K.V.Kapusamy and Smt. K.Padmavathy. It was started with the objectives to create facilities for education, health care and upliftment of the poor and the downtrodden. Today RVS Education Trust has reached its goal as one of the leading educational organizations of our country. Totally 130 Institutions are included in the RVS Educational Trust.

RVS Technical Campus-Coimbatore was established in 2009. It is approved by AICTE as an integrated campus and affiliated to the Anna University, Chennai. The colleges offer UG (MECH, ECE, AUTO, MCS, CIVIL, CSE & AGRI) and PG (ME & MBA) Courses. It intends to be the preeminent research and teaching institution linking the people of our institution to the nation and the world by providing quality, carrier focused education and world class specifications.

ABOUT OUR DEPARTMENT

The Department of Science and Humanities of RVSTCC is one of the pioneering departments of the institution that offers assistance to many Engineering and MBA courses of the institution. It is committed to the cost of quality education in pure and applied science that forms the basis for all the other fields and information technology, a field growing in leaps and bounds.

OBJECTIVES OF THE DEPARTMENT OF PHYSICS

Being the backbone of engineering field, there are many reasons to acquire knowledge of basic physics, no matter what field of specialization one may in. The subject of physics is to impart fundamental knowledge in various engineering subjects & applications and to make every student realize the significance of physics.

OBJECTIVES OF THE DEPARTMENT OF CHEMISTRY

The department of chemistry has been functioning from the inception of this college and offers core courses in chemistry for undergraduate B.E/B.Tech, students of engineering in the college. The department has 5 faculty members with specialization in organic chemistry, Environment science, Material science, electrochemistry and others. The department has a well-established laboratory to fulfill the need of undergraduate curriculum as well as research work.

ABOUT THE PROGRAMME

The programme focuses on the conventional and recent developments in the domain of nanoscience and analytical techniques of finding novel drugs. It includes field of non linear optics, crystal growth, solid state physics, thin films. The advancement of analytical techniques make wonder to predict the 1D, 2D and 3D nanomaterials and also identify the novel drugs.

HIGHLIGHT OF THE PROGRAMME

The main highlight of this FDP is to impart knowledge to the academicians on the recent trends and advancement in the nanoscience & nanotechnology and analytical techniques.

COLLEGE LOCATION

The host Institution is located in Coimbatore-Trichy national highway, about 17 kms from Coimbatore railway Station.
